Friday 14 July Number : 18

Living History!

We were delighted to welcome Conrad Humphreys to lead a special Mutiny day on Friday 14th July. He brought the replica boat used in the series Mutiny on the Bounty, for the children to climb aboard and explore. The children also learnt how to tie knots, solve riddles using nautical flags and create maps of the route that Captain Bligh took on the most famous voyage in British history.

During assembly he told us all about his amazing journey travelling 400 miles with 8 other crew members as they followed the historic journey of Captain Bligh and some of the crew from The Bounty. We then explored the boat, finding out how the crew survived this epic journey, where they slept, how they tied knots in the ropes and how they steered the ship. The children also raised money for the Island Trust which supports young and disadvantaged people to

School Dinners

The Governors have recently completed a catering review, taking into account the increases in food and staff costs the cost of a school lunch will need to increase from the start of the Autumn term. The School Lunch will be £2.25 per meal which still represents good value for a main meal, salad and desert.

Could we politely request that all school lunches are paid for by Wednesday for the rest of this term so the office can close the accounts.

School Dinner £2.25
September 2017

School Office Requests

The school office will be closed Thursday and Friday next week to enable the team to complete the end of year close down arrangements. We would ask that any tasks related to school be completed at the beginning of the week, e.g. sorting out clubs, buying uniform, etc.

Autumn Term starts
Tuesday 5th September 2017
