

# Muck, Mess and Mixtures

We're warning you; this is going to get messy.

This term we will be having a messy morning making slime to launch our new topic Mess, Muck and Mixtures. We will use our science skills to investigate everyday materials and understand why mixtures freeze and melt. Our artwork will rely on our mixing skills and we will use marbling inks to create different patterns. In history we will be going back in time to learn about the first forms of transport and we'll ask ourselves questions such as 'how did the invention of the wheel change transport?'

| Subject        | Focus   |
|----------------|---|
| English        | Wanted: The Perfect Pet (Narrative)<br>Penguin Information books (Non-fiction)            |
| Art and Design | Colour mixing   |
| Computing      | keyboard detectives. Learning about my computer.  |
| Maths          | Measurement: Money<br>Multiplication and Division<br>Consolidation                        |
| PE             | Gym and Dance   |
| PSHE           | Jigsaw Puzzle 2 - Celebrating Difference  |
| Science        | Use of everyday materials and investigating how materials can be changed                  |
| RE             | 'Why is Christmas important to Christians?' This will be our key question this half term. |
| Music          | We will be following the beats and creating rhythms to the rap 'Ho Ho Ho'                 |
| History        | Transport through the ages. Changes within living memory.                                 |
